The statistical information disclosed in this report was obtained from the California Department of Education and the Beverly Hills Unified School District. At the time of publication, this report met all SARC-related state and federal requirements using the most current data available. Instructional materials and school facilities information was acquired in November 2006.

PRINCIPAL'S MESSAGE

Welcome to Beverly Vista School's Annual School Accountability Report Card. The purpose of this document is to provide parents with information about our school's instructional programs, academic achievement, textbooks, safety procedures, facilities, and professional staff. Understanding our educational program will help our families and community join our efforts in providing an outstanding learning experience for children.

We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring that our school provides a warm yet stimulating environment where students are actively involved in learning academics as well as positive values. Together we can challenge students to realize their full potential.

DISTRICT & SCHOOL PROFILE

Beverly Hills Unified School District is located in the western portion of Los Angeles, just below the Santa Monica Mountains and next door to West Hollywood. More than 5,200 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of four K-8 schools, one comprehensive high school, and one continuation high school.

Beverly Vista School is located in the southern region of the district's boundaries and considered a neighborhood school. Many of Beverly Vista School's students are the children and grandchildren of alumni who value the school's long-standing traditions of excellence. During the 2005-06 school year, Beverly Vista School served 720 students in grades K-8. Student enrollment included 12% receiving special education services, 8% qualifying for English Language Learner support, and 5.3% qualifying for free or reduced-price lunch. The curricular program for K-5 students is provided in a self-contained classroom while students in grades 6-8 participate in a departmental rotation for their lessons.

Beverly Vista School recently received the California Distinguished School Award and National Blue Ribbon awards in recognition of its continued efforts in exceeding state and federal expectations. Everyone at Beverly Vista School takes great pride in maintaining high standards of scholarship and citizenship. Student growth and achievement are the primary goals of school programs. Skilled

and dedicated staff, motivated students, and supportive parents work together to achieve desired outcomes.

DISTRICT MISSION

The mission of the Beverly Hills Unified School District, the heart of our city's pride and excellence, is to ensure that our students are humane, thinking, productive citizens through an educational system characterized by state-of-the-art technology; a dynamic interdisciplinary curriculum; an exemplary instructional and support team; student-centered active learning; respect for diversity; strong parent and community involvement; and a nurturing environment where all share a common purpose and joy of learning.

PARENT INVOLVEMENT

"Together Everyone Achieves More" is exemplified by parent involvement. Parents are encouraged to get involved in Beverly Vista School's learning community by volunteering their time, attending school events, or sharing in the decision-making process. Parents may coordinate classroom assistance directly with their child's teacher. Back to School Night, Open House, student performances, BV Fun Day, and graduation ceremonies provide opportunities for parents to interact with school staff while supporting their child's efforts. The School Site Council and Parent Teacher Association provide opportunities for parents to have input on curricular programs and financial

planning. Parents seeking more information about becoming an active member in the school community may contact the principal at (310) 229-3669.

School-to-home communication takes place in a variety of formats. Once a month the PTA issues an electronic newsletter featuring highlights of recent events, upcoming activities, a message from the principal, safety and attendance reminders, and special announcements. A calendar of events including the food services menu is sent home with students monthly. Many teachers prepare newsletters to update parents on classroom activities and assignments. ConnectEd is an Internet-based telephone messaging system that forwards personalized messages from school staff to each student's home. Parents are encouraged to contact school staff through e-mail and check the school's website for valuable information about the school, PTA, staff, and schedules. On occasion, large banners are displayed in prominent locations on campus to announce special activities and messages.

STUDENT ACHIEVEMENT

To obtain accurate and valid measures of educational progress collectively as a school and individually, Beverly Vista School offers students multiple opportunities to demonstrate mastery in each of the core subject areas. Multiple assessments of student achievement are analyzed to monitor student progress and to evaluate the effectiveness of Beverly Vista School's instructional programs. These assessments include teacher tests, classroom observation, report card grades, and results of standardized tests.

ADEQUATE YEARLY PROGRESS

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

For the 2005-06 AYP cycle, elementary and middle schools must achieve a 24.4% or higher proficiency rate in English/language arts and 26.5% or higher proficiency rate in math on the California Standards Test (CST). Additional criteria contributing to whether or not a school demonstrates AYP include achieving a 95% or above participation rate on the CST (grades 2-8) and obtaining an API growth score of 590 or higher or increasing the API growth by one point.

The AYP table in this report illustrates the school's specific student subgroups, referred to as "numerically significant subgroups," that either met or did not meet AYP criteria. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 50 valid scores comprising at least 15% of the valid test scores. More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

CALIFORNIA ENGLISH LANGUAGE DEVELOPMENT TEST

State law requires schools to give the California English Language Development Test (CELDT)

to students in grades kindergarten through twelve whose home language is not English. The test identifies the student's proficiency level of understanding of the English language, monitors their progress in learning English if placed in the English Learner program, and helps determine if they have achieved proficiency in the English language.

STANDARDIZED STATE ASSESSMENTS

Students at Beverly Vista School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of the California Achievement Test (CAT/6), California Standards Tests (CST), the Spanish Assessment of Basic Education/2 (SABE/2) in 2003-04 and 2004-05, the Apenda 3 in 2005-06, and the California Alternative Performance Assessment (CAPA).

The CAT/6 measures achievement based on student comparison; the CST aids in determining the level of individual proficiency required by the state. CAPA is administered to students with significant disabilities who are not able to take the CST and CAT/6. For more information on the STAR Program, please visit <http://star.cde.ca.gov/>.

CAT/6

The CAT/6 tables in this report show the percentage of students who scored at the 50th percentile or above. For those categories that are blank in the adjacent tables, either no students met subgroup criteria, or when less than ten students are tested in a single group, results are not disclosed to maintain confidentiality. Additional details including grade level results can be obtained from the CDE's website <http://star.cde.ca.gov/>.

CALIFORNIA STANDARDS TESTS (CST)

California Standards Tests assess student performance on the California Academic Content Standards adopted by the State Board of Education. Performance standards identify the level of student mastery of the content standards tested. The state target for every student is to score at the Advanced or Proficient level. Students scoring at the Far Below Basic, Below Basic, and Basic

levels may receive differentiated instruction through school intervention programs designed to increase student proficiency levels to meet grade level standards. All school districts in the State of California are required to report their CST results in comparison to the state average.

The CST tables in this report illustrate the percentage of Beverly Vista School students achieving Proficient and Advanced levels. Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

PHYSICAL FITNESS

In the spring of each year, Beverly Vista School is required by the state to administer a physical fitness test to all students in fifth and seventh grades. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone."

Upon completion of the 2005-06 fitness exam, 31.5% of fifth grade students and 24.6% of seventh grade students scored in the "healthy fitness zone". Comparative district and state results can be found at the CDE's website <http://www.cde.ca.gov/ta/tg/pf/>.

ACADEMIC PERFORMANCE INDEX

The state Academic Performance Index (API) was launched by the California Department of Education in 1999 to measure the performance and progress of schools based on STAR and CAHSEE testing results. (Note: CAHSEE is the California High School Exit Exam administered to students in grades 10-12 as part of the state's graduation requirements.) The API is used to develop annual schoolwide performance growth targets for future academic improvement.

The API measures academic performance and growth of California's schools based on a numeric scale ranging from a low 200 to a high 1000. Academic growth is measured by subtracting the base year API from the growth API. API growth scores are based upon the results of state standardized tests (CAT-6 and CST, located on pages two and three of this report). Schools that do not meet or exceed their growth targets and are ranked in the bottom half of the statewide distribution may qualify for intervention program funding. Each annual API reporting cycle includes two reports: a base report, which is released after the first of the calendar year, and a growth report, which is released after school starts in the fall. These reports are based on APIs calculated in exactly the same fashion with the same indicators but using test results from two different years.

The API table in this report highlights Beverly Vista School's progress over the past three years. To maintain confidentiality, results are reported for numerically significant subgroups only. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 50 valid scores comprising at least 15% of the valid test scores.

NO CHILD LEFT BEHIND (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving

students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2005-06, Beverly Vista School received Title I Targeted Assistance funds and is therefore required to comply with program mandates. Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals.

California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website <http://www.cde.ca.gov/ta/ac/ay/>.

SCHOOL FACILITIES & SAFETY

FACILITIES PROFILE

Beverly Vista School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school buildings were constructed in 1924; since that time, original buildings have undergone a series of improvements due to earthquakes in 1933 and 1994. In 1995, three of the school's buildings were vacated and replaced with a new structure in 2002. During summer 2005, playground areas and equipment were upgraded and all interior/exterior lighting fixtures were retrofitted to maximize energy efficiency. Presently, twelve million dollars of Measure K funds have been allocated to remodel and strengthen a portion of Beverly Vista School's Building B and the attached auditorium and historical bell tower. A new two-story building with an attached single-story structure is currently under construction. Both projects are scheduled for completion in Fall 2007.

SUPERVISION & SAFETY

The Beverly Hills Police Department provides police and traffic officers for traffic control in the morning and after school. As students arrive on campus, playground assistants monitor K-5 playground areas; middle school students go directly to their first class upon arrival, lining up outside the classroom door. During recess and lunch, eight playground assistants monitor student activities on the playground and in the cafeteria. The city's parks and recreation department sponsors lunch-time activities in the atrium; some students visit the library

during their lunch period. When students are dismissed at the end of the day, one playground assistant is stationed at the main exit gate to ensure students depart in a safe and orderly manner. The principal, assistant principal, custodian, school office, school resource officer, and playground assistants carry hand-held radios to facilitate routine and emergency communications concerning student safety.

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrival.

SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Beverly Vista School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's site safety

plan was most recently reviewed, updated and shared with school staff in August 2006.

FACILITIES MAINTENANCE

School custodial staff and the district's maintenance and operations department (M&O) work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Monthly M&O meetings facilitate discussions concerning safety issues, maintenance needs, cleaning practices, and training. Custodians are required to comply with Beverly Hills Unified School District's approved cleaning standards and policies outlined in the custodial handbook. Parents who wish to review the district's policies may contact the Maintenance & Operations Department or Beverly Vista School's office.

Maintenance & Operations (M&O) employs a work order process enabling Beverly Vista School to communicate unscheduled maintenance needs, urgent repairs, or special projects. Teachers and staff submit requests to the principal who prepares and forwards an electronic work order to M&O for resolution; in some cases, teachers will contact the custodian directly to address minor projects. Emergency situations are immediately resolved either by the school custodian or district maintenance staff; general requests are typically addressed within two weeks.

Campus facilities are cleaned daily; one full-time day custodian, three full-time evening custodians, and one groundskeeper are assigned to Beverly Vista School and work closely with the principal for routine maintenance, daily custodial duties, and preparation for special events. The principal and day custodian communicate daily regarding campus cleaning needs and safety concerns. Every morning before school begins, the day custodian inspects the facilities for safety hazards, graffiti, or other conditions that require removal prior to students and staff entering school grounds. The day custodian is responsible for general custodial functions, supervision of evening custodians, and keeping restrooms, classrooms, office, cafeteria, and other facilities in an orderly and secure condition. The day custodian checks restrooms frequently throughout the day to ensure they are in sanitary condition and properly stocked.

The evening custodians are responsible for comprehensive cleaning of classrooms, restrooms, offices, cafeteria, and other facilities; daily duties include cleaning student desktops. Groundskeepers perform general gardening and maintenance work.

Beverly Vista School works closely with the district's Maintenance & Operations Department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection at Beverly Vista School took place on November 15, 2006; no emergency repairs were needed. Schools are required by state law to report the condition of their facilities; the School Site Inspection table illustrated in this report identifies the state-required inspection areas, disclosing the operational status in each of those areas.

DEFERRED MAINTENANCE

Beverly Hills Unified School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2005-06 school year, Beverly Vista School did not receive deferred maintenance funding for its improvement projects, repairs, or systems replacements.

CLASSROOM ENVIRONMENT

DISCIPLINE & CLIMATE FOR LEARNING

School staff support an environment that teaches students, through the daily curriculum, the skills to resolve conflicts and take responsibility for their decisions. Character education instruction and discipline models are based upon the district's character education program, the *Beverly Hills Way*, which is comprised of five components – respect, responsibility, integrity, caring, and citizenship – taught through the curriculum over a five-year period.

Each year, one of the five character traits is emphasized in themed activities and class discussions. For K-5 students, behavioral traits are embedded in daily classroom lessons and referenced throughout the day in a variety of settings. Students participate in formal and informal discussions about the meaning of each behavioral trait and when the behavior may be applied. Students in grades 6-8 have a 20-minute advisory period every Thursday; student groups are limited to 12-15 students. Teachers use this time to address student concerns, character education lessons, and study skills. The advisory period promotes positive, consistent communication between student and teacher. All school staff encourage students to practice the *Beverly Hills Way* behavior while at school and at home.

Teachers have established grade-appropriate classroom management and incentive programs based on general school rules to maintain an effective learning environment. School and classroom rules are posted in the classroom. Behavioral expectations are outlined in the student handbook and First Day Packet. Middle school students (grades 6-8) are provided with an "Agenda" which includes school policies, a student planner, and areas for parents to regularly correspond with their child's teacher. At the beginning of the school year, teachers review student responsibilities in the classroom.

During the first week of school, the principal and assistant principal conduct grade level assemblies to reinforce school rules, safety procedures, consequences for poor behavior, and academic expectations. Students are reminded to conduct themselves in a responsible, respectful manner as needed by their classroom teachers.

Progressive disciplinary measures begin in the classroom when students are disruptive or demonstrating poor citizenship in the classroom. Students who continue to make poor choices in conduct are referred to school administrators; consequences and disciplinary action are based upon the student's past behavioral trend and severity of infraction. Discipline measures are consistently applied in a fair and firm manner.

At the end of each semester, students are awarded for outstanding academic achievement and citizenship. Teachers present unique awards, in areas representative of their specific grade level or subject area, to those students meeting designated criteria. Middle school students may accumulate higher levels of scholarship as they move through the grade levels; at the end of their eighth grade term, they may qualify for an academic trophy based on the honors accumulated in sixth, seventh, and eighth grade.

ENRICHMENT ACTIVITIES

Students are encouraged to participate in the Beverly Vista School's extracurricular activities as well as take advantage of city-sponsored programs. These activities promote positive attitudes, encourage achievement, and instill a sense of belonging among students. Students are encouraged to participate in student government, the National Science Olympiad, Youth in Government, floating marine laboratory, service learning, and sixth grade science fair for enrichment. The district sponsors after-school intramural sports programs for basketball, softball, volleyball, and soccer to promote teamwork and good sportsmanship. The Beverly Hills Parks and Recreation Department sponsors after-school day-care programs that feature fun classes and Adventure Camp.

CURRICULUM & INSTRUCTION

STAFF DEVELOPMENT

All curriculum and instructional improvement activities at Beverly Hills Unified School District are aligned to the California State Content Standards and Frameworks. Staff development concentrations are selected and identified based on the results of staff surveys, state assessment results, and administration/teacher input. During the 2005-06 school year, Beverly Vista School staff participated in four site-based development days; activities were centered around technology, the advisory program, and examination of student assessment data.

The district supplements professional development activities with additional training sessions and workshops year-round to support

newly adopted and ongoing programs. Supplemental professional development is offered by throughout the school year and over the summer break. District-sponsored training sessions offered during the 2005-06 school year included:

- Rubrics (ongoing)
- Power Standards (ongoing)
- Benchmark Assessments (ongoing)
- Standards-based Report Card for Elementary Grades (ongoing)
- Six Traits of Writing Series (elementary grades)
- Differentiated Instruction (elementary grades)
- Disaster Awareness Response Training (DART)
- Professional Learning Communities
- No Bullying Education

Beverly Hills Unified School District supports new and veteran teachers in developing their teaching skills. Beginning Teacher Support and Assessment (BTSA), a state-sponsored program, is designed for first- and second-year credentialed teachers providing skills assistance over a two-year period. The Peer Assistance and Review program is designed to improve the education for students and increase the classroom performance of teachers, targeting both new and veteran teachers.

The principal encourages teachers to attend professional workshops and conferences in their field of expertise. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Los Angeles County Office of Education. Long-term substitutes are invited to participate in district staff development activities. All instructional aides were included in the DART training and invited to special workshops emphasizing classroom management skills, content knowledge, and instructional strategies to improve their effectiveness when providing academic intervention and support. Classified support staff may receive additional job-related training from vendors, department supervisors, and district representatives.

INSTRUCTIONAL MATERIALS

All textbooks used in the core curriculum throughout Beverly Hills Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption.

On August 21, 2006, at 7:00 p.m., Beverly Hills Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to

students. The Board of Education adopted Resolution #2006-2007-001 which certifies as required by Education Code §60119.1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to complete required homework assignments, 2) sufficient textbooks and instructional materials were provided to each student, including English learners, in math, science, history-social science, and English/language arts, including the English language development component of an adopted program, consistent with the cycles and content of the curriculum frameworks, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

SCHOOL LEADERSHIP

Leadership at Beverly Vista School is a responsibility shared among school administrators, instructional staff, and parents. Teamwork between the principal and assistant principal ensures both curricular and operational components of Beverly Vista function properly. The principal is responsible for day-to-day operations and the overall instructional program; the assistant principal coordinates student study team efforts as well as assisting with many duties associated with running a successful school program.

As part of the principal's decision-making process, feedback, advice, and input from instructional staff through task-focused teams and grade level teams are used to guide curricular programs. Task-focused teams are created as needed to oversee implementation

of specific projects and decision-making efforts to meet school goals. Team members are selected for their unique expertise in both grade level and subject area content. Grade levels teams meet regularly to discuss student performance and collectively address inquires concerning instructional strategies and programs.

The School Site Council (SSC) is comprised of administrators, teachers, and parents and meets once a month. The SSC is responsible for reviewing and approving the school site plan, the school safety plan, and annual budget. Council members serve as a liaison between the school and community.

SPECIALIZED INSTRUCTION

All curriculum and instruction is aligned to the California State Content Standards and Frameworks approved by the State Board of Education. Every child receives a rigorous, well-balanced standards-aligned core program. Beverly Vista School structures its educational program so that all students receive instruction appropriate to their learning level. To ensure the success of every student, teachers use a variety of instructional techniques using research-based instructional materials and strategies.

Students who regularly experience academic, social, or behavioral difficulty in the classroom are referred to a Student Study Team (SST). Each team is responsible for addressing barriers that affect the ability of a student to perform at his or her best in school, recommending intervention strategies/services to meet the child's unique needs, and subsequently evaluating progress and modifying instruction as needed over time. A variety of strategies are considered to help promote academic success and may include but are not limited to differentiated class instruction, small group instruction outside the general education environment with resource specialist staff, and/or counseling.

Beverly Vista School's special education program is supported by highly qualified, caring staff. Two special education teachers and three special education aides provide full-day instruction in two special day classes. Two resource specialist teachers and two resource specialist aides provide individual and small group instruction for special education students either in their general education classroom or in the resource room. All special education students are mainstreamed as much as possible into the general education classroom and provided instruction in the least restrictive environment. Each student's curricular agenda is based upon their Individual Education Plan (IEP), which is reviewed and updated annually by the school's IEP teams. The IEP ensures students with disabilities have equal access to core curriculum and educational opportunities and coordinates specially-designed instruction based upon individual academic, social, and/or behavioral needs.

Students identified as English Learners (EL) are placed with a teacher who has been certified by the state to teach English learners and are provided differentiated instruction in the general education classroom. For students in grade K-5, students are grouped by language and reading fluency levels to received 30 minutes of ELD instruction as a supplement to regular language arts time. EL students in grades 6-8 may be placed in an ELD course in lieu of the an elective and as a supplement to their regular language arts class. ELD instruction for all grade levels focuses on language development,

reading skills, vocabulary development, reteaching class lessons, and front-loading for future lessons. As students increase fluency in the English language, Beverly Vista School continues to monitor their performance through the CELDT and adjusts instruction as needed to ensure continued success.

Beverly Vista School offers a Gifted and Talented Education program for students in grades 4-8 who have been recognized as high achievers by their teachers and through district testing. GATE students in grades 4-5 are clustered by grade level to receive differentiated instruction by GATE-trained teachers; GATE students in grades 6-8 are placed in honors or advanced classes. GATE students are provided an accelerated curriculum in depth and breadth and in some cases assigned special projects for enrichment. Students are invited to participate in district-sponsored educational field trips and GATE workshops held after school, on weekends, and during regular school hours.

Beverly Vista School hosts a series of intervention programs to meet the needs of those students not meeting state proficiency standards in reading, language arts, and math. A recommendation for student participation in one or more of Beverly Vista School's intervention programs typically comes from by the Student Study Team, instructional staff/teachers, or the student's parent based upon classroom performance or state/district assessment results. Intervention strategies may include:

- Title I Tutoring is available before and during school. Middle school students my visit with the Title I teacher during their study hall period to work on reading skills.
- After-school tutoring provided by Maple Center volunteers. Services may be recommended by school staff and parents coordinate sessions directly with the center.
- Reading Specialist: one certificated teacher works with students in first, second, and third grades who are reading below grade level proficiency standards. Students receive support between four and five days a week. Progress is evaluated at the beginning and end of the year; a diagnostic assessment is administered mid-year to analyze mastery of specific skill sets.
- Reading Plus: students in seventh and eighth grade scoring at the Basic level or below on state reading assessments are required to enroll in Reading Plus in lieu of an elective. Students are tested at the end of each trimester and must score at the proficient or advanced level to exit the elective course.

• English Learners: students who need additional assistance in acquiring the English language receive after-school assistance. Instruction is based upon student's individual learning and fluency levels.

• After-school Tutoring: middle school teachers are available after school for tutoring. Students may volunteer or be recommended to attend sessions to improve performance in any subject area.

PROFESSIONAL STAFF

SUBSTITUTE TEACHERS

Beverly Hills Unified School District had a pool of 125 qualified substitute teachers during the 2005-06 school year. Substitute teachers must have passed the CBEST, completed a Bachelor's Degree, and hold a 30-day substitute permit. Beverly Vista School rarely has difficulty in obtaining a qualified substitute teacher from the district's pool. In the event a substitute teacher is not available for an absent teacher, the principal or other available certificated personnel will fill the role of the substitute.

TEACHER ASSIGNMENT

Beverly Vista School recruits and employs the most qualified credentialed teachers. For the 2005-06 school year, the school employed 43 fully credentialed teachers.

The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant" no later than the end of the 2005-06 school year. Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

TEACHER EVALUATIONS

Evaluation procedures and criteria adopted by the Beverly Hills Unified School District are defined in the district's collective bargaining agreement. Teacher evaluation criteria are based on the California Standards for the Teaching Profession:

- Engaging and Supporting All Students in Learning
- Creating and Maintaining Effective Environments for Student Learning
- Understanding and Organizing Subject Matter for Student Learning
- Planning Instruction and Designing Learning Experiences for All Students
- Assessing Student Learning
- Developing as a Professional Educator

Temporary and probationary teachers are formally evaluated annually, permanent (tenured) teachers are evaluated once every two years. Evaluations begin with a preconference followed by the preparation of a professional assessment plan and a formal classroom observation and evaluation; the evaluation process is concluded with a post-conference feedback session between the teacher and evaluator. Evaluations are conducted by the principal or assistant principal who has been trained and certified for competency to perform teacher evaluations.

Teachers whose evaluations do not meet specific evaluation criteria, as outlined in the collective bargaining agreement, are required to develop a needs improvement plan. Corrective measures in the needs improvement plan may include ongoing participation in BTSA, referral to the Peer Assistance and Review Program (PAR), or participation in additional staff development. Teachers may discontinue needs improvement obligations when a "satisfactory" rating is acquired in future evaluations.

SUPPORT SERVICES STAFF

Support service staff consists of school counselors, psychologists, and nurses. This expert team of support service staff, through close collaboration, is instrumental in improving student attendance and achievement through the identification, referral, and remediation of health and/or emotional concerns.

In addition to providing academic guidance, school counselors conduct classroom visits to discuss social issues and conflict resolution, and identify and resolve diverse issues interfering with a student's ability to learn and succeed in school. The school resource officer meets with fifth and eighth grade students throughout the school year, teaching students how to resist peer pressure and live productive drug and violence-free lives (DARE - Drug Abuse Resistance Education).

Beverly Vista School welcomes volunteers from the city's Maple Center, a regional counseling center that sponsors activities with the students, discussing social and conflict resolution skills. School psychologists are available to assist with academic, social, and emotional issues as well as provide needed psycho-educational assessments to determine eligibility for special education services and to facilitate coordination of Individual Education Plans (IEP). School nurses conduct health screening programs; health technicians provide basic first aid.
