

Principal's Advisory Council 2025-2026

What is the Principal's Advisory Council (PAC)?

PAC is composed of a principal, teachers, other school personnel, parents, and community members. It is intended to be an advisory board that represents all stakeholders of the school community to the principal. The primary responsibility is to support and advise the principal in implementing the district's strategic plan. The key to a successful PAC depends upon a good working relationship among all members of the Council. Each member of the Council shares their unique perspective and knowledge of the school's needs, as they affect all students during PAC meetings.
