Summative ELPAC Information and Schedule: Dr. Dustin Seemann	HM update: Cherryne plans to test 4th & 5th before spring break, this will allow them to be free to prep for CAASPP. Working with 3s to become 4s by expanding their vocab, increasing their writing. Met with all 3rd-5th students, discussed iReady and ELPAC scores and gave them goal sheets. Showing students their results, where they are and need to be. BVMS update: Erica plans to start speaking in March, 4/13-17 l/r/w domains. Gives IABs 3x (boy, moy, eoy), sets goals with students, they are excited about scores and growth, makes it meaningful. Likes the addition of iReady. Received a grant for video recorders, helping with speaking growth. BHHS: Matthew plans to test 4/27-5/1. Work with BVMS ELC to administer ELPAC. Uses 7th period for pull out groups. Summer Testing & Reclassification: Dr. Dustin Seemann	
Feedback: Committee Members	Kim, BHHS AP: Does anyone have thoughts-how to articulate the benefit to reclassify? Magic bullet for LTEL? Dustin: it means they "graduate" from EL and are "bilingual", that helps the college application process. They can write about their experience, how it sets them apart from everyone else. Dustin: a reminder for elementary the services don't dissolve, RFEP students are monitored for 4 years. Erica, BVMS ELC: could we get cords for graduation for students who reclassified? Kim: loved the cord idea too. Dustin: let's have the same color for both schools. Seal of Biliteracy on track to go. Board of Education to provide an EL certificate for Reclassification. Dustin: ELOP created 3 years ago by Newsom for elementary childcare, funding for afterschool programs for title 1 and EL. When students reclassify they are removed from the program/aren't eligible the next year. BHUSD has just launched a free elementary after school

	sports program, chess, theatre, instrumental music. Strategic plan - true worth, 6 goals. Saved 1.3 million in funds, reinvest into students Elizabeth, ER ELC: how do I progress monitor RFEP stu who are in the DLA program, they take iReady in Spanish. Joe, BVMS AP: how do we reclass sped stu who consistently aren't able to meet the criteria? Marisa: a reminder about domain exemptions for the ELPAC.
